

Technik International

Technik International

Founded in the year 2010, Technik International is a Merchant Exports Company that specialises in Electrical & Engineering products. Our company offers a wide range of products and has a strong experience in this field. We continue to add and improve upon our existing services to constantly serve our customer with greater efficiency. At the heart of our business lies a deep commitment to customer centricity, which has been instrumental in cultivating lasting relationships with our valued customers. Our global clientele is a testimony of the success of our organisation and we wish to always work in the best interest of our customers.

Our core strengths include:

- * Ethical values for stakeholders
- * Strong technical team
- * Timely delivery
- * Wide product range
- * Competitive pricing

About the partners:

Our team is headed by a dynamic combination of a seasoned partner and an accomplished young entrepreneur; who are spearheading our business towards new heights of success.

Mukesh Daxini, a dynamic entrepreneur with over three decades of experience in the electrical and engineering sector, brings invaluable technical expertise and effective business relationship management to the firm. His experience serves as a catalyst for the firm's continuous establishment of new benchmarks.

Jigar Thakrar, having achieved qualifications as a CA and CFA at a young age, joined the family business specialising in electrical goods, which has flourished exponentially over the course of four decades. By leveraging his experience and innovative ideas, the firm has experienced significant growth over the years.
